HEALTH & SAFETY
COMMITTEE**

JOIN US!

The workplace is too often dangerous to our health. Every year, deaths, injuries and chronic diseases take their toll. The Health and Safety Committee is focused on prevention and on maintaining the highest degree of physical and mental health.

You don't have to be in Yellowknife to join. Our conference call meetings can easily accommodate you – no matter where you live.

Add your voice to the events and initiatives that we organize and develop expertise in Health & Safety.

Our Mandate

The objectives of the PSAC North Regional Health & Safety Committees are to identify, promote and assist union actions around workplace health and safety by:

- Educating, politicizing and mobilizing Health and Safety activists by making links between themselves, the union, the workplace, and Workers' Safety and Compensation Boards
- Empowering, uniting and engaging all union members to take action for Occupational Health and Safety

April 28

National Day of Mourning
For Workers Killed or Injured
On the Job

Fight for the living.
Mourn for the dead.

Stay connected to the issues . . . and the solutions

- We participate in conferences, educational and training programs on Health & Safety issues
- Ensure and promote representation of members, their health and safety issues in the various union bodies
- Encourage networking and open communication among health and safety activists and at the Regional and National levels of the PSAC
